Hi Rebecca,

Resuming our conference calls for every 2 weeks is good for us. Because our contractor just got the response this week, it would be better to resume next week on April 13. In addition, David Albright will be available next week but is out this week.

The Biological Assessment has not been sent yet. I am working to send it out next week. We have not heard back from Arizona SHPO.

Thanks, Nancy

Nancy,

Thanks for confirming receipt of the emails.

Excelsior would like to continue with the weekly meetings, moving forward. We plan on scheduling them as before, Thursdays at 10:00 am. Please let me know if that works for you.

Can you tell me if the Biological Assessment has been sent to USFWS? And if you have heard anything back from Arizona SHPO?

Thanks,

Becky

Hi Alison,

I got all four emails.

Thanks, Nancy

Subject: Draft responses to comments--1 of 4

Dear Nancy, I am sending our responses to EPA's February 27 comments in 4 separate emails.

In one of the comments (I believe it is 41), EPA asks for water quality data at Johnson Camp. I am going to have to send that on a disc. Otherwise, everything else is here. Figures pertaining to each comment are immediately after the comment response. If there were no figure revisions requested, we did not provide another copy of the figure.

If this is confusing, please let me know.

Thanks,

Alison H. Jones, R.G.
